Run Several Jobs at Once

- Multiple jobs can go through the machine at a time making quick work for busy locations

Patented Hummingbird Double Pump, Double Nozzle

- Minimum shot of 1/2000 fl oz

Small Vial Dispensing

- We work with you to customize the containers for your small vials that secure them through dispensing
- Vials are lifted to the nozzles to prevent overspray

Intelligent and Fast Conveyor System

- Multiple jobs can run concurrently
- Addresses labor costs - formulas are created while the operator can do other tasks
- Additional modules may be added as needed
- Multiple paint lines can run through the same machine
